9 and 18 miler

Start at cross roads. You will go down **CONE** road approximately 8/10's mile, turn at cone come back out, turn left onto main dirt road, go approx. ¼ mile turn right into a parking lot then **HARD right** onto the trail. At Point One (P1) you come off the trail onto the dirt road, turn left go approx. 20-30 yards turn left back onto the trail at P2.

At P3 you will come out of the woods at the power lines, go straight across the clearing by water stop #3 to go back onto the trail. When you finish that trail section and come back to clearing, go pass water stop so water stop is on your RIGHT hand side. Look for flags and volunteer to direct you back onto the trail.

Cross dirt road onto the "racetrack" section(this is about a mile). Come back to dirt road turn left. 9 milers go to finish line-18 milers back to CONE road an turn left-repeat trail as before.

You will have 3 water stations. Number 3 you will hit going in and coming back out.

Look for the flags to direct you which way to go, when in doubt follow the flags.

Questions about the trail/course call Bobby Brandon 910-538-6261 ☺
